Targeted advertising with XING.
Draw more attention to your campaigns.
Ladies and Gentlemen,

Nowadays marketers and advertisers are faced with a plethora of platforms and media where they can promote their brand messages. But some channels are more effective than others, and not all of them convey a feeling of trust. Some channels simply don’t fit in with the given brand.

XING, the leading online business network in German-speaking countries, provides exactly the right environment for you to position your brand. First, the target audience on offer is unique as you simply won’t find 13 million members in one place who are as active and affluent as those on XING. Second, XING is a highly professional environment where advertisers can impart their marketing messages. Third, the products and services we have to offer enable you to effectively and credibly promote your brand in an editorial environment and various other sections of our platform.

All of this is backed up by a highly seasoned team of experts who are happy to help you with accurate targeting so your campaigns are as efficient and successful as possible.

This brochure contains all of our marketing solutions so you can form a clear idea of how they can help you with your campaigns.

I hope you enjoy learning all about our extensive portfolio and services along with testimonials from satisfied customers. We look forward to helping you master your marketing challenges.

Kind regards,
Alastair Bruce

Satisfied customers speak for themselves

"The users we won over on XING are extremely valuable to us. We also saw a considerable increase in retention rate, i.e. the number of users who continue to use our product after 30 days, when comparing the XING campaign to other channels."

Dr. Jost Schwaner, Managing Director Cliqz GmbH

"This was the first Marketing Solutions campaign we rolled out on XING, and we’re really happy as it exceeded our expectations. Within a short space of time we received hundreds of applications from engineers wanting to attend our recruiting events. Our XING campaign generated far more traffic for our careers site and for our recruiters’ XING profiles than we expected to see."

Michael Bülow, Head of Employer Branding Deutsche Bahn

"XING Sponsored Articles provide direct access to B2B target audiences that are difficult to approach. It’s definitely a useful channel for our reports."

Philipp Westermeyer, Managing Director Ramp 106 GmbH, Online Marketing Rockstars

"XING’s content marketing products are an excellent way to boost awareness and foster trust in a company as new as VisualVest and its innovative product (Robo Advisor) which requires some explanation. Sponsored Articles helped us to gain a foothold in the tricky FinTech industry."
