Satisfied customers speak for themselves.

“The users we won over on XING are extremely valuable to us. We also saw a considerable increase in retention rate, i.e. the number of users who continue to use our product after 30 days, when comparing the XING campaign to other channels.”

Dr Jost Schwaner, Managing Director Cliqz GmbH

“This was the first Marketing Solutions campaign we rolled out on XING, and we’re really happy as it exceeded our expectations. Within a short space of time we received hundreds of applications from engineers wanting to attend our recruiting events. Our XING campaign generated far more traffic for our careers site and for our recruiters’ XING profiles than we expected to see.”

Michael Bütow, Head of Employer Branding Deutsche Bahn

“XING Sponsored Articles provide direct access to B2B target audiences that are difficult to approach. It’s definitely a useful channel for our reports.”

Philipp Westermeyer, Managing Director Ramp 106 GmbH, Online Marketing Rockstars

“XING’s content marketing products are an excellent way to boost awareness and foster trust in a company as new as VisualVest and its innovative product (Robo Advisor) which requires some explanation. Sponsored Articles helped us to gain a foothold in the tricky FinTech industry.”

Detailed parameters provide accurate targeting.

Detailed criteria based on member data let you accurately select your target group and who should see your campaigns. XING can also use SQL database queries to select all member profile entries, such as interests, hobbies, activity, degrees and skills.
